

GOOD ROADS TO BE CONSIDERED

Second Annual Convention to Be Held in Cleveland This Month.

DELEGATES FROM UTAH QUESTIONS OF NATIONAL IMPORTANCE—FULL PROGRAM.

Six Utah men have been appointed delegates to attend the National Good Roads convention to be held at Cleveland, O., Sept. 12 to 23. The delegates are Samuel Newhouse, George C. A. Quinn, E. C. Schramm, H. Vance, Lane of Salt Lake and M. S. Browning of Ogden. These men will represent the Automobile Club of Utah in the fight for better national highways. An invitation to the convention is extended to all automobile owners who are residing in Utah at the time the convention is held.

Automobiles and others interested in the building of first-class highways will attend the meeting, and plans will be made to cause roads of the best class to be constructed throughout the United States. The work will be national in its scope and at the convention there will be representatives from nearly every big automobile club in the country and scores of other good roads advocates.

Among the associations which will take part in the big convention are the American Automobile association, the National Grange, United States Office of Public Roads, American Road Makers' association, National Association of Automobile Manufacturers, Association of Licensed Automobile Manufacturers, American Motor Car Manufacturers' association and other national bodies.

On Monday, Sept. 20, guests and officials of the convention will be received and registered at the headquarters of the Cleveland Automobile club at the Hollenden hotel. The convention will open properly the next day with the following program:

First Day—Tuesday, Sept. 21.

10 a. m. Opening address, President Lewis R. Spear of the American Automobile association, Columbus, O.

"Welcome to Ohio," Judson Harmon, governor of the state of Ohio.

"Address of welcome," Thomas L. Johnson, mayor of Cleveland.

"The Second Annual National Good Roads Convention," by the production of speakers, George C. Diehl, presiding officer, chairman national committee directing the convention.

"Good Roads in the State of Ohio," James C. Wonders, state highway commissioner.

"National Aid and Post Roads," Captain R. P. Hobson, M. C., Alabama.

"Road Situation in the United States Compared With Foreign Countries," Logan Walker, page, director United States office of public roads.

"New York State Trunk Lines," S. Percy Hooker, New York state highway commissioner.

"Macadam Roads," A. B. Fletcher, secretary Massachusetts highway commission.

"Bituminous Road Materials," Provost Hubbard, chemist United States office of public roads.

"The New York State Grange and Good Roads Legislation in That State," F. N. Godfrey, manager New York State Grange.

"Good Roads in the State of Pennsylvania," E. J. Kent, vice president Automobile club of Pennsylvania.

"Economics of Road Building," Samuel Hill, president Washington Good Roads association.

General discussion.

Third Day—Thursday, Sept. 23.

Inspection by guests, highway officials and delegates of improved roads in the vicinity of Cleveland, under the direction of the committee on demonstrations. Automobiles will be furnished through the courtesy of the Cleveland Automobile club.

TAKES NEW POSITION.

Gordon M. Fraser Departs for Nevada, Where He Will Reside.

Gordon M. Fraser left yesterday morning for his new position with a new mining road in Nevada. He will be located at Wabaska for the present, and his family will follow him within a few weeks. His position as traveling freight agent for the Illinois Central railroad has not yet been filled, and J. A. Foley, commercial agent for that line, said yesterday that he had no idea who would be appointed to fill the vacancy.

The job is said to be a very desirable one, and there are numerous applicants. Mr. Foley will, from the list, probably select several whom he thinks can make good and forward the names to the central office. The appointment will probably be made within a week or two days.

SELF-PROVIDER HAS NO NEED OF HUSBAND

For the last four years Mrs. Emma McGown has been providing for herself, though her husband was living, and yesterday she filed a suit in the district court for a divorce from J. A. McGown. She figures she might just as well be single again as to be wedded to McGown. They were married in De Lamar, Nev., Oct. 26, 1898, and for more than four years, the wife charges, her husband has not supported her. There are no children, and Mrs. McGown does not ask for alimony.

STATE WILL RECEIVE VALUABLE COLLECTION

Helena, Sept. 8.—Governor Norris today received a letter from A. W. Goldsmith of Cincinnati, executor of the estate of H. L. Frank, stating that the family had decided to present to the state the valuable collection of animal heads gathered by Mr. Frank during his lifetime. The letter requesting that the collection be put on exhibition at the capitol, and Frank having been its contractor, this will be done.

POST'S RESIGNATION GOES TO PRESIDENT

Washington, Sept. 8.—The resignation of Governor Post of Porto Rico reached the bureau of insular affairs today and was forwarded to the president.

GO TO YELLOWSTONE PARK FIRST CLASS

Sept. 16, via Oregon Short Line. Only \$45.25 for complete five-day tour, with accommodations at the five large park hotels, this rate including rail and all expenses. City Ticket Office, 201 Main street.

Castle Gate and Clear Creek Coal will Signs that attract. Hamlin paints. Both phones.

"Royal" State Brand Depot. Open every morning. Entrance on Third South. Good bread very cheap.

LANDS IN DISPUTE

Many Acres in San Juan County Ready for Selection.

ARID FARMING AREA COMES UNDER THE SMOOT ENLARGED HOMESTEAD BILL.

Land in San Juan county covering 125,000 acres was opened to entry yesterday under the Smoot enlarged homestead bill, and the selections are now on file at the United States land office in Salt Lake. This is the largest single tract opened to entry in years, and it is expected that thousands of acres of excellent arid farming land will be occupied in the near future in the southeastern part of Utah.

This land is in the vicinity of 33 south and 23 east, and valuable lands which are regarded as impossible of irrigation are included in the tract.

Under the Smoot act, homesteaders seeking land for arid farming are allowed to file on 240 acres instead of the usual tract of 160 acres, and the government has already set aside large tracts in the northern and northeastern parts of the state under the new act. Selections for the land were made by special agents and forwarded to Washington from the local land office, where they received the endorsement of the interior department.

Each year in the land office for the week so far show a total of nearly 100,000 one item, the sale of twelve tracts of coal land of 160 acres each, amounting to \$59,000. Two of these coal tracts are in the southeastern part of the state, and the remainder at \$50 an acre. The purchases were all made by Michigan and Minnesota people as follows:

William J. Moss, Neogee, Marquette, Mich.; J. A. Johnson, Milwaukee; Rudolph J. Moss, Hancock, Mich.; Frances M. Winter, Neogee, Mich.; Joseph H. Winter and John M. Perkins, also of Neogee; Wayland W. Walker, Duluth, Minn.; William P. Hedges, Houghton, Mich.; William P. Seager, Houghton, Mich.; Amanda Sues and Ida J. Sues of Milwaukee, and Rufus T. Goodell of Duluth, Minn.

LOCAL BREVITIES.

IN JUDGE GEORGE C. ARMSTRONG'S division of the city court yesterday the case of J. C. W. Ford vs. J. C. W. Ford, a divorce case, was heard.

LOUIS NEPAW and P. G. Hampton have been appointed by City Meat Inspector J. W. Treman as assistants at \$9 a month. The matter came up before the city council last night and was referred to the sanitary committee. The appointments will probably be approved.

THERE ARE good positions for four or five experienced teachers in schools in different parts of the state. The superintendent A. C. Nelson has been asked to fill them, and would like to have a list of names of those who are qualified to teach in the fourth and fifth grades of the city and county building to discuss the matter.

IN A COMPLAINT filed in the county attorney's office yesterday "Buffalo" rode, one of the horseback riders at the recent wild west show at the fair grounds, is charged with petit larceny. It is claimed that Vernon stole a belt, valued at \$20, from J. Hall, a negro employed at the Cullen hotel.

M. R. STEWART, city health commissioner, returned to his desk yesterday, after a three weeks' fishing trip.

SAMUEL B. FINLEY, a locomotive engineer, came to Utah from Texas in July 1908, but his wife and child went with him. So Finley yesterday received a divorce from Grace at the hands of Judge C. W. Ford in the grounds of desertion. They were married in Los Angeles on June 27, 1898. There are no children, and the wife claims to have been deserted for three years. He now lives in Birmingham, Canada.

J. H. CHURCH, a sleazebag, who uniquely advertises "work over 3,000 feet high not excepted," will be seen early this morning by pedestrians on First South street, riding on a bicycle flag pole in front of the city jail, busily engaged in giving it a coat of paint and cleaning up new gaffs.

PROFESSORS J. C. HOGGESSON and E. J. TUTT of the University of Utah, are guests at the Kenyon.

LEON SMITH of the wholesale dry goods firm of Smith, McCord & Townsend of Kansas City is in Salt Lake on a trip through the western territory reached by his firm. He is accompanied by Mrs. Smith.

AT THE AMERICAN SMELTER in Murray yesterday the "shot" walked. As his wife had just died, he was given the strip of crisp paper which entitled them to a trip through the western territory. The numbers of employees at the smelter just now has increased since the strike, which occurred about three months ago.

MUTUAL IMPROVEMENT ASSOCIATION in and around Murray will commence their campaign the coming week. It is said that the president of the association, J. N. Minnis, has outlined a definite plan to be followed by the associations in the year's work.

H. W. LOHMANN and A. M. Stewart of the James Stewart & Company, contractors, arrived last night from Salt Lake. They are here to inspect the work on the new Commercial club building, of which the company are representatives. They are also looking after some other company business in Salt Lake.

THE BUSTLE at the Salt Lake school was continued all day yesterday, and it was somewhat of a surprise to the faculty when they found that nearly 200 more registration blanks had been filled out. More newcomers are expected this morning. Provision will be made for all.

THE REGULAR MONTHLY MEETING of the Manufacturers' association of Utah will be held at 12:30 o'clock today. These new members will be reported today. They are George A. Whitaker and the Crager Wire & Net Works company of Salt Lake and the Ogden Overall & Shirt company.

THE C. W. B. M. of the Central Christian church meets today with Mrs. Christy, 21 Broadway, as their guest. Members are cordially invited to attend.

THE REGULAR MEETING of the W. C. T. U. will be held at the home of Mrs. T. U. Hickey, 355 East Second South street, Friday, Sept. 10, at 2:30 o'clock. Delegates will be elected for the state convention to be held at Ogden, Sept. 23, 24 and 25.

Annle Benant is to lecture in Barratt hall on Sept. 7, 1909, on the subject of "Theosophy, Its Meaning and Value." Mrs. Benant is known throughout the world for her oratorical ability, her wonderful ideas and her compassion for those who suffer.

Tickets, 25 cents, on sale at Norton's bookstore, 27 East Third South, and at Deseret News book store.

"Royal" State Brand Depot. Open every morning. Entrance on Third South. Good bread very cheap.

Pioneer Roofing. Furnished, laid and guaranteed by LAMBERT PAPER CO.

RIGHT TO LANDS IN DISPUTE

Montana Officials Make Protest Against Stand of Forest Reserve People.

Helena, Sept. 8.—The state of Montana has asserted its right to all lands, donated to it under the provisions of the enabling act, despite the position of forestry reserve officials that where sections fall within the bounds of a national forest, they come within their jurisdiction. The state land board has taken a stand and the issue is to be settled.

While it is impossible to determine how much land is involved in the dispute, it is estimated by a member of the board that it may run as high as 1,000,000 acres. The question was taken up today with the secretary of the interior, H. B. Helling, by Attorney General Galen, acting on behalf of the land board, with the view of reaching an amicable settlement, if possible. Otherwise, the question will be taken to the courts for determination.

The crisis was reached in what is known as the Belton case. Here land was sold by the state, at public auction, to the Great Northern Railway company. P. S. Bunker, forest supervisor, had posted a notice, warning bidders against its purchase, in effect that the government did not recognize the claim of the railway. The land was enclosed by the forestry officials.

The state land agent was dispatched to the scene, but the railway company was granted the right by the forestry officials to enter upon the ground and build a road through the forest lands under a lease. The land board then requested the attorney general to take the matter up.

DISCLOSED HOGS KILLED

State Veterinarian Finds Hog Cholera at Birch Creek and Kills Animals at Once.

Three hogs infected with hog cholera were found yesterday by Dr. A. C. Young, state veterinarian, on the farm of A. N. Stephen at Birch Creek, south of Ogden. The disease had killed and their carcasses were burned. The pens were destroyed and the yard about the pens was blown and covered with earth to prevent the disease from spreading.

Dr. Young declares that reports relative to diseased sheep near Provo are erroneous. He declares that as far as he can learn none of the sheep near Provo are suffering from pneumo-bacillus as has been reported. He says some of the sheep in that section of the state are suffering from hog cholera, but the disease has not made its appearance. The state veterinarian says he found 500 sheep, some of which were infected with hog cholera and quarantined them immediately, and most of them will be killed without delay.

COPPER COMPANY HAS \$11,000,000 CAPITAL

Helena, Sept. 8.—There was filed today with the secretary of state articles of incorporation of the Pittsburger Copper company of West Virginia, which purposes taking over the mines, smelters and other properties of the Pittsburger and Montana Mining company at Butte and elsewhere in Montana. The company has a capital of \$11,000,000, and a filing fee of \$1,225 was exacted.
